

LIMITED SINK WARRANTY

Copper Sinks will replace without charge, (excluding labor) any copper sink supplied by Copper Sinks that is proven to be defective, with an equivalent replacement, within the specified appropriate period from date of purchase, to the original owner, provided it has been used solely in a residential application and installed in accordance with the Copper Sinks installation instructions, used and cleaned as recommended, and not damaged due to abuse, misuse, or negligence.

Please be aware that all rustic sinks and tubs have a finish that is by nature uneven and variable in color and pattern. In addition, the dimensions and consistency of shape can vary considerably. We offer these sinks and tubs with the view that these variations are part of the rustic character and charm, and do not constitute defects. Copper is also malleable. Materials that are malleable can be hammered or stretched or rolled into various shapes with relative ease, while still maintaining their strength. Some metals, like copper, are also ductile, which means they are flexible. Should your sink arrive with a bent edge, it can be hammered back into position with little effort. Use a wooden or rubber mallet to straighten any edges that may have been altered in shipping.

(In the event of a warranty claim, the owner will be required to provide proof of purchase - save sales receipt.)

This warranty will not cover any damages which might be caused by the product. (Some states do not allow such limitation, so this reference may not apply to you.)

Copper Sinks reserves the right to inspect any sink reported to be defective prior to replacement of the sink. All decisions are final. Replacement cost **EXCLUDES** transportation and any labor costs for the removal or reinstallation.

Copper Sinks shall not be liable in case of:

- Improper installation/modification
